Safety Town is a one week, 3 ½ hr.day, safety education summer program. Safety awareness is introduced to pre/post kindergarten children in an age appropriate, fun, and secure environment. Through movies, songs, guest visits, group lessons, crafts, and pedestrian/driver role play, the program teaches children to evaluate “safe” from “unsafe” situations. Topics include:

- | | |
|----------------------------------|------------------------------|
| Earthquake Safety | Fire Safety/ 9-1-1 |
| Water Safety | Bicycle and Passenger Safety |
| Personal Safety/ Stranger Danger | Pedestrian Safety |
| Playground Safety | |

The miniature ‘town’ enables the students to practice and reinforce basic safety habits under the guidance of trained instructors and youth volunteers. This small community is complete with child size buildings, street signs, crosswalks, sidewalks, traffic light, and small pedal cars. Children are divided into building groups and colors for smaller group instruction, (1:2).
