

Safety Town Reusable Bags

Safety Town has offered a low cost opportunity for businesses to increase their visibility in our community, while helping our program provide an important supply while supporting the environment. Along with teaching pre-kindergarteners general safety lessons and skills, we want to model the importance of saving our natural resources by using reusable bags whenever possible.

At this time, we are seeking sponsorships for our reusable bags. These bags feature our Safety Town design and the logos of participating sponsors. Students in our program will use these bags daily to bring home safety information handouts and art work from our program. The bags may also be used for personal use providing business exposure locally. We provide scholarships for many of these children so that they can participate in our program, and they are proud to have ownership of their very own bag. Each business that makes a minimum donation of \$100 will have their logo printed on the reusable bags, with the size dependent upon the donation amount. In addition, your business name will be listed among our other donors on the Home page of our website at www.sbsafetytown.org. If you would like to participate and support our program, please send a vectored illustrator file of your business logo to annegsb@cox.net. Logos and sponsorship payment must be received by early April to allow time for ordering, delivery, and distribution.
