Safety Town is a one week, 3 ½ hr.day, safety education summer program. Safety awareness is introduced to pre/post kindergarten children in an age appropriate, fun, and secure environment. Through movies, songs, guest visits, group lessons, crafts, and pedestrian/driver role play, the program teaches children to evaluate “safe” from “unsafe” situations. Topics include:

Earthquake Safety	Fire Safety/ 9-1-1
Water Safety	Bicycle and Passenger Safety
Personal Safety/ Stranger Danger	Pedestrian Safety
Playground Safety	

The miniature ‘town’ enables the students to practice and reinforce basic safety habits under the guidance of trained instructors and youth volunteers. This small community is complete with child size buildings, street signs, crosswalks, sidewalks, traffic light, and small pedal cars. Children are divided into building groups and colors for smaller group instruction, (1:2).
